

Policy of the Board of Directors

INCENTIVE FOR CUSTOMERS TO INSTALL ELECTRIC VEHICLE CHARGERS

GENERAL POLICY STATEMENT:

The intent of this Policy is to encourage Trinity Public Utilities District (District) customers to install electric vehicle chargers.

ELIGIBILITY:

1. Must be a customer of the District.
2. Must complete the application(s) for Electric Vehicle Charger Rebate within six (6) months of installation of the unit(s).
3. Rebate Application requires supporting documentation including;
 - a. Trinity County Building Permit completed by the County Inspector
 - b. Copy of the Invoice for the Electric Vehicle Charger system and installation.

INCENTIVE:

The initial rebate amount will be \$500.00 per qualified unit and credited to the customer's electric bill. The rebate amount is based on an estimate of approximately ten (10) units, totaling \$5,000 annually. The Board of Directors may periodically increase or decrease the rebate amount and/or limit the funds available for the incentive.

The Board of Directors will review this incentive annually.

Clarence W. Rose, President
